MEDIA RELEASE

QLD builder wins Australian Renovation/Addition Project at national housing awards

Queensland builder **JW Constructions** has won the **Australian Renovation/Addition Project** award at the 2017 HIA-CSR Australian Housing Awards.

This year's award winning projects were unveiled tonight before hundreds of industry leaders at the prestigious awards ceremony held at the Hamilton Island Convention Centre.

The HIA-CSR Australian Housing Awards are the ultimate platform to showcase the talents of the nation's top builders and designers. Winners are selected from state-based finalists, with awards in 21 separate categories (see full list below).

The Australian Renovation/Addition Project award, partnered by BlueScope, recognises an extension or renovation involving structural building work to an existing home.

JW Constructions transformed a dated five-bedroom family home into a show-stopping new residence using the highest level of skill and workmanship.

The design features floor-to-ceiling windows and an open plan layout that takes advantage of coastal views and allows entertaining spaces to flow effortlessly from inside to the outdoor living room and stunning wet-edge pool.

HIA Queensland Acting Executive Director Mike Roberts said the HIA-CSR Australian Housing Awards program is unsurpassed in the residential building industry.

"Well done and congratulations to all of our award winners and finalists for your unequalled dedication to creating award winning projects," Mr Roberts said. "Each year the benchmark is set to the highest level of workmanship and excellence in design and building".

HIA is Australia's peak building industry body representing more than 40,000 builders, suppliers and contractors involved in residential construction.

Judged by industry professionals, the awards acknowledge the talent of builders, designers and building companies who plan and construct quality new housing, apartments, renovations, kitchens and bathrooms.
